Monetary. WASHINGTON, Monday Evening. The local markets are unchanged from Saturday, Gold quiet, Money easy at \$60; call loans nominally 6. District stocks continue active, with no appreciation as yet in values. The transactions of Monday cannot be accepted as the best criterion upon which to base the future course of the market, but there is no reason for changing the views previously expressed in this olumn.
The future looks hopeful for all kinds of invest-

In New York to-day gold opened at 115%, which was the rate during the first transactions, and afterwards sold at 115%. In the afternoon the sales were at 115% (6115%, closing dull.
